VIP MULTIPRODUCT SALES FUNNEL 3

Clickfunnel Customization Guide

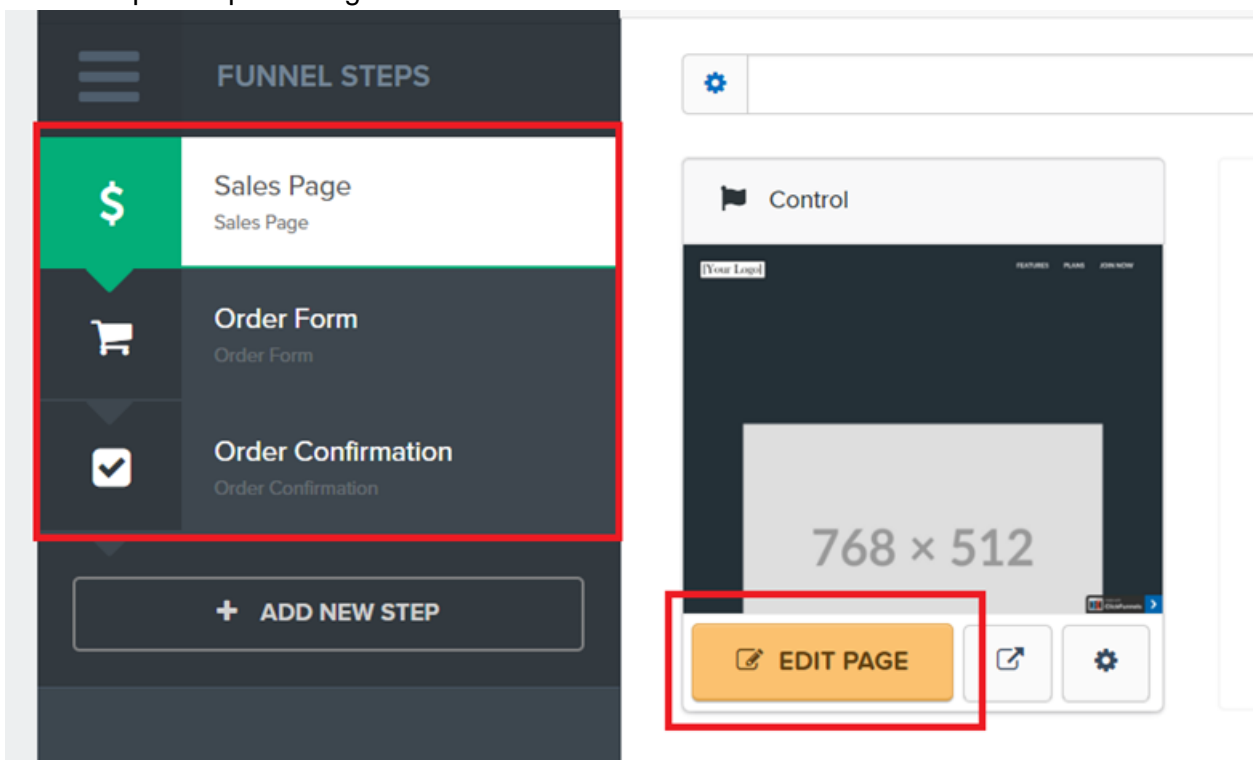

ClickFunnel Customization Guide: [VIP Multiproduct Sales Funnel 3](#)

Accessing your Funnel:

- In the top bar, access your funnels in the ClickFunnels tab

- Within the editing page of the VIP funnel shared to you, you can choose which step you'd like to edit. In the future, you may also use this screen to create variants of your funnel steps for split testing

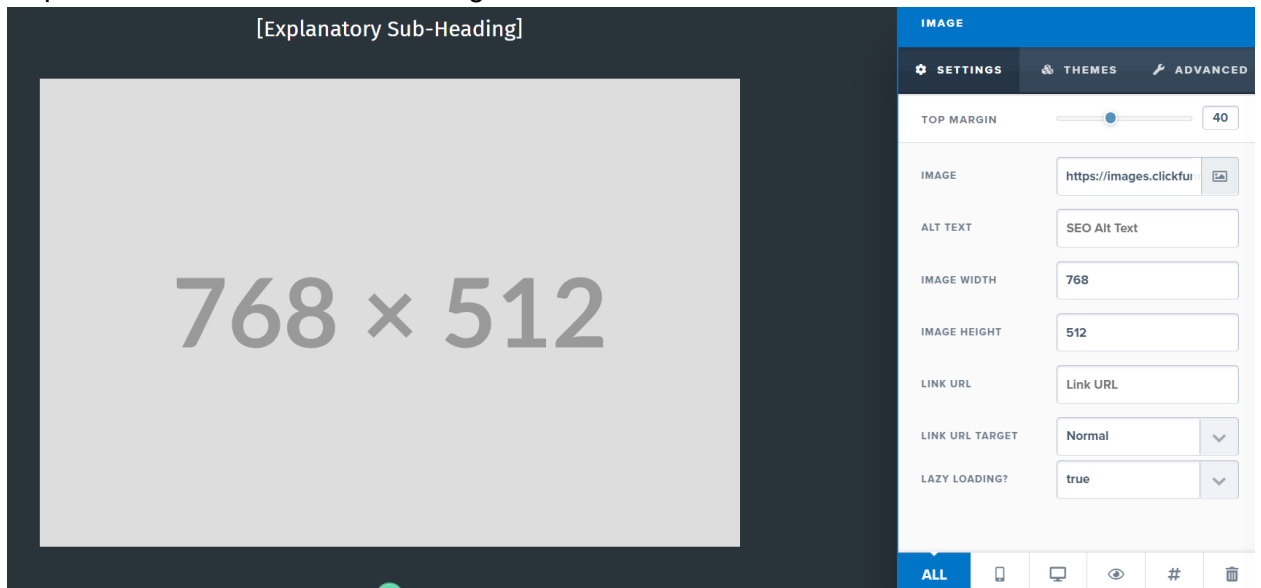

Steps:

Sales Page:

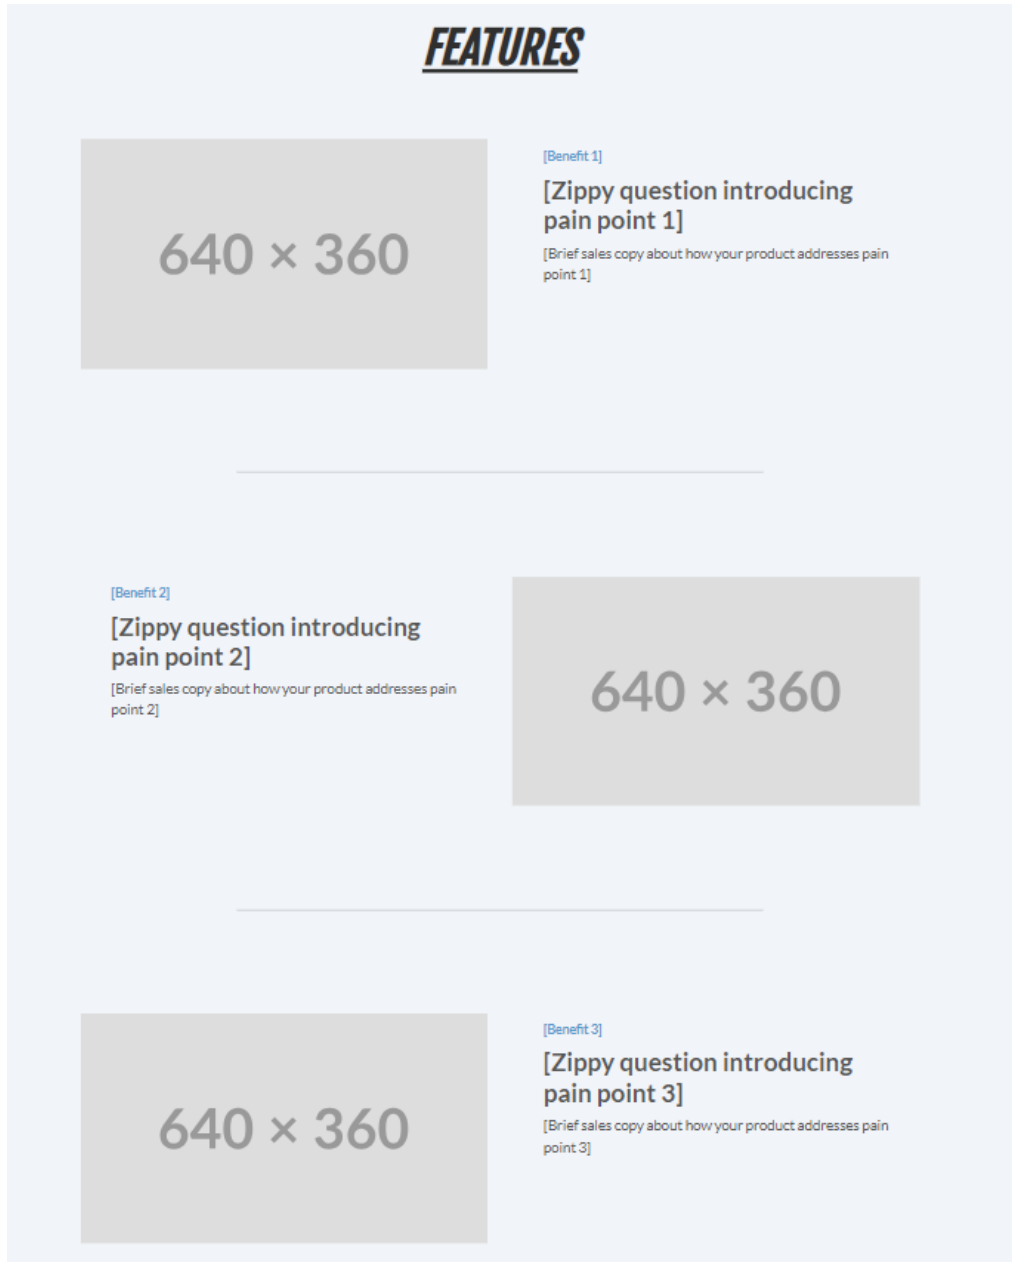

- Replace logo in header with your company's logo
- Replace 2 part headline

- Replace Headliner Placeholder Image

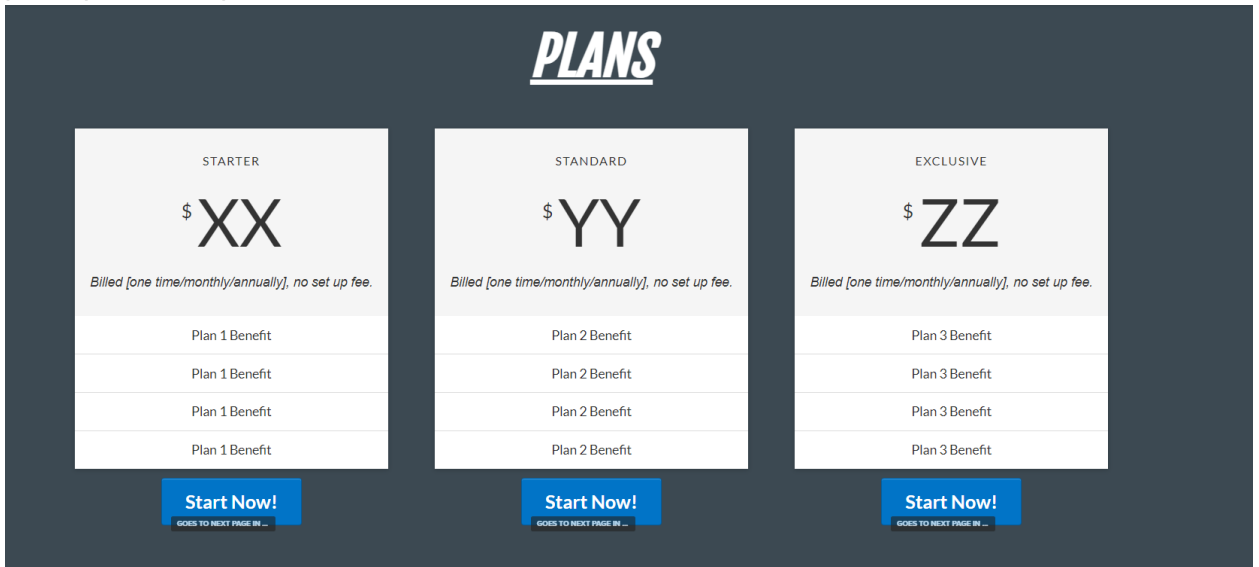

- Replace the placeholder text copy and thumbnail images in the “Features” section to content matching your business.

- Change content of “Plans” section. This includes price points for 3 products, names of 3 products (default is “Starter”, “Standard”, and “Exclusive”), whether billing is one time/monthly/annually, and 4 distinguishing features/benefits setting the 3 different

plans/products apart.

- Double click each of the 3 links in the footer (Privacy Policy, Terms & Conditions, Contact) to bring up their hyperlink menus. Paste the link of the respective page in the box indicated in the image. When done, open the page preview and ensure each link works properly.

- Replace [Your Company LLC] in the footer with the name of your company.

Order Form

- Replace [Your Product Name] with the generic name of the product that fits all 3 plans.
- Replace the placeholder product image. Make sure to use an image that matches all 3 products/plans.
- Replace the placeholder logo in the footer with your company's logo.
- Double click each of the 3 links in the footer (Privacy Policy, Terms & Conditions, Contact) to bring up their hyperlink menus. Paste the link of the respective page in the box indicated in the image. When done, open the page preview and ensure each link works properly.
